

Mother's Day Madlib

Dear Mom,

Since I am your favourite (living noun) and you are my favourite (different living noun), I decided to honour you by doing something special this year for (holiday).

I checked my savings, but my (animal or cartoon character) bank was empty. So I knew I would have to make something (adjective) for you.

I spent (length of time) in the (adjective) kitchen making my own (adjective) recipe especially with you in mind. I hope you like the taste of (insect), (food item) and (cleaning product). It smelled like (smelly noun) when I baked it. When I took it out of the oven, it (past tense verb) with a loud (sound). It looked a little like (adjective) (plural noun).

I am very excited about watching you eat it. I know it will be the (adjective) thing you have ever (past-tense verb). I made lots so you could have an extra-large helping.

I know you will (adverb) love it because it is something that I, your favourite (living noun), made just for you!

Love,
Me

P.S. I wanted to clean up, but I couldn't find the dishwasher detergent, so I used (plural noun) instead.
